Election and Amendment

Commissioner of Patents and Trademarks

Alexandria, VA 22313-1450

Sir:

In response to the Office Action mailed November 3, 2005, Applicant provisionally elects Specie 1, claims 1-4, with traverse.

Please amend the application as follows. This amendment responds to the Examiner's election requirement expressed in the Office Action.

Applicant traverses based on the fact that the Inventor considers a primary embodiment of the invention to be comprised of both a grinder portion and a separator portion. Applicant notes Examiner's consideration that the original claims did not clearly claim the combination. Claims 5-11 are herein amended to clearly claim a grinder and a separator portion in combination. Reconsideration of the restriction is respectfully requested.

Please amend the application as follows, deletions are shown by strikethrough, and additions are shown underlined.

Applicant submits that these amendments are clarifications of material already present or inherent in the original application and do not represent new material.

Amendments to the Claims begin on page 2.
